

# F.I.R.S.T. Trial Dominance Continues

Winning is important. So is consistency, field after field, year after year. It's one reason why Great Lakes Hybrids is Generations Ahead. We begin with the most extensive collections of championship genetics in the industry, add yield-protecting technologies and build hybrids that lead the industry for consistent performance.

Since the inception of the F.I.R.S.T. Trials, Great Lakes products have proven their championship performance in this independent arena. **There are lots of variables in farming, your seed shouldn't be one of them.**

## Great Lakes Dominates West-Central Illinois F.I.R.S.T.® Tests

| YEAR | REGION                | LOCATION     | ZONE     | HYBRID   | YIELD | INCOME | PLACE |
|------|-----------------------|--------------|----------|----------|-------|--------|-------|
| 2006 | Illinois West-Central | Summary      | Early    | 5711Bt   | 205   | \$450  | 1st*  |
